

STUDENT SAFETY AND WELL-BEING ADVISORY COMMITTEE

What is it and how can you be involved?

The Student Safety and Well-Being Advisory Committee (SSWAC) was created to make recommendations that prioritize student safety while fostering a healthy and supportive school environment. Our goal is to position our county schools as leaders in safety and well-being initiatives.

Meetings are to discuss ways to:

- Enhance the learning environment for all students.
- Improve school culture and climate.
- Consider the latest best practices in school safety.
- Stay ahead of new threats, concerns and safety mandates.
